

About Salvation:

We aren't just fighting sin when we accept salvation; we also take Jesus in and allow his witness, sacrifice and gift to transform our lives. God's free gift of salvation is available to each of us. We simply have to accept it. So if you haven't already, won't you accept the gift of salvation? Or if you accepted a while ago but now feel as if you and God aren't close anymore, won't you rededicate yourself and renew your original acceptance of salvation. Study the words of the letter below. If the words fit your faith statement, please either accept or renew your acceptance of salvation by signing it. Then you may come forward during the decision moment of the service to acknowledge the commitment you've made.

Date: _____

My Letter of Confession:

Dear God,

I know that the sin in my life which I have committed by thought, word and deed as well as the sin that others have committed against me by thought, word and deed has pulled, pushed and blocked me from fully benefiting from your love, forgiveness and healing. So today, I'm taking the first step in establishing or re-establishing a new life and relationship with you by accepting Jesus Christ as my Lord and Savior. O God, please let your Holy Spirit begin a new work in and through me beginning today. Thank you, God because today I know that I am saved!

With love, devotion, gratitude and praise:
